New Receiver Appointed for the Old. La Crosse as a Milwankee R. R.

The Legislature of 1804 passed an act for provide a sinking land for paying certain debt of the La Crosse and Milwankee Railroad Company. Said act provided that the receiver, manager, or superintendate of said road, should pay into the State Treasury the sum of twelve per cert peraminant of the gross earnings, which should constitute a six king fund for the retemption of firm martrages given to said in the construction of said railroad. The State Treasurer was to apply the hands provide in liquidation of the nets and not tages or pressuited for martners, and when not tages pressuited for martners, and when no mortgage was paid off the Treasurer was to execute a certificate of the fact, which released the mortgage of record upon filing the sains with the Signature of the fact, which released the mortgage of record upon filing the sains with the Signature of the Gets, which released the mortgage of record upon filing the sains with the Signature of the sains with the Signature of the care. his road to country with the requirements of a blasch, and to pay over the money as there-of a blasch, and to pay over the money as there-of in yeovice! Then it was made the dilty of the little to the little litt

constitutional by the Surene Court upon eboescotistics why slittle nor dispects. Of course the negati managers of that corporation will of give up possession of the property without issuing the daw between the receipted to do so, and those interested on the other side wis quite-east satisfact to the well-between the side wis quite-east satisfact of the legislature to great them say relief. It is grained month, that the procession managers of it road consider the east unit and yeld, or twombel base considered with the portained ago, interested by the the appears of the result is shown in the second considered the same of the same of the like of the like in the second considered the same of the second considered the same of the like of the like in the second considered the same of the like of the like in the second considered the same of the like of the like in the like i Treating a Two-sky-lisch Cun.

A post wante into Ford Pite Works of Mr. O.

Kanny, we tested receiving at the proving resemt of the works. The gun is nearly four for the works. The gun is nearly four for the first flavor for the market proving triangle but is not spend agreemy-into triangle at Ford Hamilton, New Tork harbor, has summer, but is of spends how and capacity I is eighteen fred long, a wearly-duch bore weights over forty-niow tune, and carried a thomassed-pound bull with a charge of our himsylved and twenty-dress pounds. Or powden ly sear morths musture, in this search as been pound to a search of the province of a search of the province of the provin y ber mouths musime. Guine that to charges of sixty and sighty pounds were with great success. The Pittsburgh with great success. The Pittsburgh Carri-marylar age of one hundred pounds was now hornodined, the solid shots sent home, the per-cussion stranged, whim Mr. James Kasapp publed the lanyard. The ball strank the atomy bank, and tone of mosk fell into the carrin already existing from similar ponder outs lifewa. This time the artic recolled about two-thirds of the long in it are allow, and the copic, since no and different from that experi-cipals with the cighty pound charges. As a copic storage of one hundred pounds was fired, sind immediately after this result, a wrought into holt, three inches in thickness.

hat the war is section to the control of no to become Colonia.

A Card in junice to like the core who so controlly as efficiently acceptance in adding the impression feature of the range in adding the impression feature of the control in manager in the control fired, and immediately areas did recelly a wrought iron both three techns in thickness, wouldeful visapped, and the breech band, by which the gub was liald in the slings, breke, letting the enormous mass to the ground, crushing, as if they were made of thader, the Trail beneath.

This sudden secident brought the test to a conclusion. Captain, fard, U. S. N. who superintended the test, expressed himself highest gratified with it. The gun said done its only, as are as the Polishings examination was concerned, and the accident that brought it to a termination before the final charge. t to a termination before the final charge was fired—but one remained to complete it— was regretted by all present.

General Hallick, who is now at Richmond, has intimated to the inhabitants of Virginia what they will have to do to obtain his privileges of clifferiship, which they have forfested. The idea of some of them, that they could resinue unstaces, and, while protected by the United States, remain hostile to them in emissions, is exploded. His order No. 4 intimates to them that their promise to be local eithers will be up pre-equiate.
